

# Hand Operated Curtain Track System Silent Gliss® 1080

# Hand Operated Curtain Track System Silent Gliss® 1080

- Product Information**
- #1080 is a universally light to medium duty hand drawn drapery track
  - Elegant and robust, yet budget-minded
  - Available in standard clear anodized finish or optional white painted finish
  - Smooth, quiet and efficient operation on straight and curved applications
  - Curvable on both inside and outside radii, with min. radius of 100mm (4")
  - Allows easy returns
  - Perfect as ceiling mounted or suspended shower track
  - Particularly suitable for hotels, motels, offices, schools, homes, apartments, hospitals and nursing homes
  - 5 Year Limited Warranty

**Installation**

**Ceiling Mount**

Bracket #3603 to be spaced approx. 60-90cm (24"-36") o.c.

Brackets may be pre-installed and system snapped onto brackets OR brackets may be attached onto tracks and entire system mounted to ceiling.

To remove system from brackets use a screw driver to release the track and remove in an upward motion (opposite to the mounting of the track)

**Wall Mount**

Fasten #3630, or #3660 brackets onto wall, approx. 60cm (24") o.c., then snap track onto brackets.

Bracket	X
3630	33 mm (1 1/4")
3660	63 mm (2 1/2")

Use #0829-0831 Extension brackets with #3603 ceiling bracket for various projections from wall.

Bracket	X
0829	64- 89mm (2 1/2 - 3 1/2")
0831	95-114mm (3 3/4 - 4 1/2")

**Suspended Ceiling Mount**

Hanger with Suspension #3610

Fasten #3610 Suspension Hanger onto ceiling at max. 100cm (40") o.c.

**Standard Components**

**Optional Components**
